EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Christine E.M. Orich on April 13, 2005.

The application has been amended as follows:

In the first line of claim 28, "2" has been changed to --1--.

2. The following is an examiner's statement of reasons for allowance: In the previous Office action filed November 26, 2004, dependent claims 4, 5, 12, 17 and 18 were indicated as containing allowable subject matter. Applicant's amendment filed March 28, 2005 incorporates the allowable subject matter of now-canceled claims 4, 12 and 17 into independent claims 1, 11 and 16, respectively; moreover, the newly-added structural limitation to independent claims 9, 13 and 22 of the foot section support having an additional "*angled (side) portion extending upwardly* at an angle relative to the bottom surface of the body (or relative to the first portion of the support) of *about 40 degrees*" is considered to distinguish fully Applicant's invention from the patient support devices disclosed within the prior art. Since an updated search of the prior art

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
